Dear Sister,

I'm writing to you on behalf of a group of girls from the Copenhagen Redstockings who will be editing the next number of the Redstockings magazine. This number will be an "international number" and it is for that reason that I am contacting you. We would appreciate very much if you would write to us about the Women's Movement in Italy as it is today. You can just write us a short letter about it, it does not necessarily have to be an article, just send us what you can or what you have. It would be good if it could be in English but if it is only possible in Italian send it all the same, we'll find somebody to translate it. (Maybe even I will manage - I'm Portuguese).

We are very short of time and this might be a problem. We must have all the material in on the 26th of this month, do you think it will be possible for you to send anything before then? If that is not possible we are still interested in hearing from you as we might use the material at a later date and besides its always good to keep in touch with each other, dont you agree? We really hope we'll get news from you before the 26th.

With sisterly greetings,

PAULA
