Dear Mariarosa,

I have been meaning to either to phone you or call you for quite a while now. According to Bepe these days you seem to be quite busy thus I am reluctant to call on your time.

These days I am working at the above adress doing a sort of community work infact I have been doing it for most of last year without a break. Now I am more than overdue for a holiday and was thinking of coming over to Italy for about two weeks. I would like to come to Padua to stay for some of the time if its allright with Feruchio and you. I would also like to go on to Turin but unfortunately I have lost the adress of the people I knew there. They stayed at my place when they were in London they said at the time they knew your sister and that was good enough for me. I was wondering if it is at all possible if you could get the adresses off your sister and send them on to me the names are Franca Bellsamo, Francesca ????and ???? (I have forgotten) but Franca wrote to me and to be quite honest I lost the letter.

I would like to come sometime around the middle February. These days Ian Ken Guppy and myself are working on a book called Immigrant Communities In Great Britain. So before the work become more involved I would like the break. Bernadette and the kids are well, they all send their regards to you and Feruchio (I am not a good typist) so until I hear from you all the best.

peace & love

Clement
